Dear Mrs

Environmental Information Regulations 2004 Request Chemical products used in public areas, including parks and children's play areas & schools

I refer to your EIR request as above and respond as follows:

In relation to Council owned property please see attached list. I advise however that the products listed are only used in the areas when required.

Regarding your request for chemical products used in schools, it was suggested in our acknowledgment of 22 July that you contact the Education Authority for this information as District Councils within Northern Ireland are not responsible for this provision.

If you are dissatisfied with our response you have rights of review and appeal; these rights consist of two review processes.

Firstly our internal review procedure is available by contacting:
