Dear Ms

Freedom of Information Act 2000 Request Procurement and Provision of First Aid and H&S Training

I refer to your FOI request as above and can advise that Council decide the appropriate mechanism to deal with requests for information and in this instance decided the Freedom of Information Act was a relevant process.

In response to your request however, I can advise Council do not have a specific policy for the procurement of First Aid, Ambulance & Medical Services and First Aid and Health & Safety Training. All procurement is covered under our Procedure for the Purchase of Supplies and Services, which is attached for your information, or by tender. Council's current tender information is available at:

<http://www.derrystrabane.com/tenders>

If you are dissatisfied with our response you have rights of review and appeal; these rights consist of two review processes.
