Dear Mr

**Environmental Information Regulations 2004 Request Cooling Towers register**

I refer to your EIR request as above and respond as follows:

Council, in reviewing your request, consider it appropriate that your request is dealt with under The Environmental Information Regulations 2004. These Regulations deal with right of access to environmental information held by UK public authorities.

Council has now completed a search of its records and can confirm that it holds relevant recorded information, however, The Notification of Cooling Towers and Evaporative Condensers Regulations (NI) 1994 indicates that this is not a public register and therefore not available to view upon request.

If you are dissatisfied with our response you have rights of review and appeal; these rights consist of two review processes.

Firstly our internal review procedure is available by contacting:
